

March 30, 1976

PRESIDENT: Senator Mills.

SENATOR MILLS: Mr. President, I think Senator Simpson is trying. I'm sorry that Senator Schmit does not agree with it. This emphasizes the point of the bill, that it should lay in the condition that we left it. If this is not removed there's no doubt that we should not even reconsider anything. No one here has volunteered to say what it is, to talk about, explain it. I understand Senator Schmit's good intentions with those people he's representing, however, it is a bill attached to a bill. It does not deserve to be there. It was placed there. That's the condition of the bill, that's the way it ought to stay. I'd ask you to ... if you do anything, it must be to follow Senator Simpson's motion.

PRESIDENT: Senator Kremer.

SENATOR KREMER: Mr. Chairman, members of the Legislature. I support the Simpson proposal to remove the Schmit amendment simply because I've been told that those that supported the amendment said we could very well get along without it until next year. If they want they can come in with their won bill next year. I think it's just going to hurt this bill. I feel we should pass 821. You ought to remove it. I support the removal of the Schmit amendment.

PRESIDENT: Senator Schmit.

SENATOR SCHMIT: Question of Senator Mills please.

SENATOR MILLS: Yes sir.

SENATOR SCHMIT: Will you support LB 821 with the Schmit amendment stricken?

SENATOR MILLS: I want to, but....

SENATOR SCHMIT: Yes or no.

SENATOR MILLS: Senator Schmit, do you understand 821?

SENATOR SCHMIT: I'm asking you the question, Senator.

SENATOR MILLS: No.

SENATOR SCHMIT: That's fine, thank you. Mr. President, I have no desire to hurt Senator Kremer's bill. If it's going to expedite the passage of the bill I don't know if I'll vote for it or not, but let's take it off. Makes no difference to me. I support Senator Simpson.

PRESIDENT: Is there any further discussion? Senator Duis.

SENATOR DUIS: I need to ask a question of, I believe, Senator Simpson. He made the motion. Does this have to do with the rules and regulations concerning this?

SENATOR SIMPSON: You're speaking of the amendment?

SENATOR DUIS: Yes.
